

SUMMER 2018

WELCOME...

to our quarterly newsletter. Where we aim to keep you in the loop of what's been & what's coming up.

To kick it all off we want to introduce The Wrangler Encounter Race Team

- Isaac Broad
- Jordan Milsom
- Sam Middleton
- Reece Lister
- Braeden Christian
- Jayden Pirini
- Cody McMurtrie
- Nakeeta Prior
- Petri Rautenbach

It has been a busy October, we ran our Spring Fest 17 youth camp and the Race Team competed at MX Fest in Taupo over labour weekend.

Check out the videos from these events on our YouTube [youtube.com/channel/UC2VbHJfcptv7h2DA-zNzAag](https://www.youtube.com/channel/UC2VbHJfcptv7h2DA-zNzAag)

UNDER THE SPOTLIGHT

Andy Mac ... Maverick ... aka ... Andrew McConnell, unique and original in every way including being one of the original campers on our very first camp ever! Roll the clock forward and you will find Andy volunteering at our camps, taking up any and all roles thrown his way, from being our Maverick Commentator for the Summer X Games on camp, Activity Coordinator and MC to name a few. Andy's trademark humour and unique ability to plant the seed for 'camp antics' are legendary. Youth Encounters' camps pride themselves on being fun and Andy and our team of volunteers make sure this is possible, sometimes a little too possible ☺

The passion and commitment of our volunteers is what makes it possible for us to run our programmes and make a difference in the lives of youth in our communities. Cheers Andy for being an integral part of this team both for the time you put into working on our camps, but also your belief in what we do as an organization and your valuable input into our operation especially in the field of Health and Safety feedback.

ENCOUNTER — SUCCESS —

www.encountersuccess.co.nz

Encounter Success is the latest addition which offers team building days and social events that make a difference to not only those attending but the youth in our programmes who benefit directly from the proceeds of our encounter success events.

We teach participants how to safely ride a dirt bike, along with facilitating personal and professional growth through the process.

We provide all the necessary equipment and tutorial for safe participation in an extreme activity, along with catering options to ensure a memorable experience.

"The day was amazing. From struggling to start a bike at the beginning of the day, to jumping a bike and flying high by the end. The staff are amazing and incredibly inspirational."

- Greg Wallace, Rocket Spark

DRD Magazine have published an awesome article on what we're up to so take a look when you get a chance...
